Subject: RE: Nafion Byproduct 2 Paper

I emailed Neil separately when I cleared it and reminded him they would have to wait for advanced notification clearance before submitting. I know they are currently working on revisions responding to comments from me and Chris. I'll follow up to see where it is in STICS
John

Subject: Nafion Byproduct 2 Paper

Good morning John and Chris,

I have not yet received a STICS alert regarding the Lang et al. paper on Nafion Byproduct 2 toxicity. You indicated both of you had cleared a paper copy. I am concerned Neil perhaps did not understand the requirement for advance notification. Please clarify.

FYI, this type of situation is why I requested several years ago that we stop clearing paper copies of manuscripts.
